SPECTRUM GENERATIONS WELCOMES NEW COMMUNITY CASE MANAGEMENT TEAM MEMBER

(Augusta – June 4, 2008) SPECTRUM GENERATIONS, formerly Senior Spectrum, is pleased to announce that Elizabeth Crawford is now an integral member of its Community Case Management Team.

Crawford will assist with the coordination of the delivery of services for adults with disabilities. As a Community Case Manager, Crawford helps to maximize consumers' potential to live independently in the community. This is accomplished by working closely with individuals, their families, and a network of other significant people in their lives.

Crawford is a 1999 graduate of the University of Maine in Farmington and most recently was employed as a Social Worker at International Adoption Services Centre, Inc.

For more information about Community Case Management, contact Spectrum Generations at 1-800-639-1553 or visit our web site at www.spectrumgenerations.org.
